Something amazing
is about to happen...

SENIOR SCHOOL GRADES 9 - 12

YOU.

At TCS, we're all about getting to know the real YOU — the complete, amazing, whole version of who you are and all you're capable of.

Established in 1865, we're one of Canada's oldest and most respected schools. Today, we're a top independent boarding and day school located in Port Hope, Ontario where students in Grades 5 to 12 are nurtured, challenged and celebrated for who they are.

That's where **YOU** come in. Beyond excelling academically, we focus on empowering **YOU** to discover your passions and realize what's within.

Unlock your curiosity about the world and the people around you through our ambitious and extensive curriculum and programs in arts, athletics, STEM and service learning. Feel at home in our tight-knit global community, on 100 picturesque acres. Plus, you'll have exciting opportunities to travel and make connections all around the world!

Realize Your Individuality

We believe (and research shows) that healthy relationships make all the difference in your academic and social-emotional growth.

At TCS, students are surrounded by people who want the best for them. We provide a healthy, safe and inclusive environment that supports your personal path. This starts with your personalized Circle of Care - a group of trusted adults who are there to provide you with the right amount of challenge and encouragement along the way.

With this kind of support, you'll develop that rare confidence that comes from feeling deeply understood, and a true value and appreciation for yourself and others.

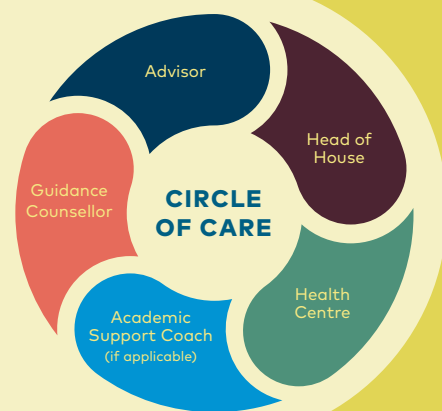

You can't be anything other than authentic on a journey like this. Kids might come in thinking they need to conform to some predetermined idea of what a great student is, but they quickly learn to just be themselves instead."

KATHY LABRANCHE,
PARENT JOFFRE '18 AND WILL '21

Realize Your Why

THROUGH SERVICE,
LEADERSHIP & TRAVEL

What fills your life with purpose?
We'll help you find out.

TCS prepares **YOU** for a life of meaning with a wide range of service, leadership, travel and volunteer opportunities that instil healthy habits and universal values.

Our students become leaders of character and vision who live by their values, exhibit solid decision-making and leadership skills, and contribute to the betterment of their communities.

“

Many boarding schools in Canada promote having the most intelligent kids, the most athletic kids, or even the most artistic kids, but at TCS, I felt like I was encouraged to be the best version of myself. I had the time, space, support and resources to figure out who I was and how I could positively contribute to the world.”

Service Learning

Service has long been a tradition at TCS, as we recognize it is our responsibility to find ways to give meaningfully. We offer fun and rewarding opportunities for you to give back in a meaningful way. Two of our most popular service learning initiatives are the annual Week Without Walls, where students “learn by doing” at more than 60 organizations, and the Island School environmental service trip to the beautiful island of Eleuthera in the Bahamas.

Leadership

We're committed to developing leaders of character, purpose and vision. In addition to formal leadership roles - like school prefect, house prefect or captain - TCS's many sports teams, clubs and affinity groups offer opportunities for you to assume leadership and develop strengths of character you will carry throughout your life.

Travel

We believe the best way to learn is through new experiences. That's why we offer fun and challenging travel opportunities all over the world - from cultural experiences right here in Canada, to language and service learning in Europe and South and Central America. All TCS students are encouraged to broaden their horizons through travel opportunities that include service trips, environmental excursions, cultural experiences, athletic adventures, academic enrichment and outdoor experiences.

IN OUR BOARDING COMMUNITY

This is where lifelong friendships are formed.
This is where minds are opened.
This is where kindness comes first.
This is where YOU belong.

Our 280+ domestic and international boarding students - and 200+ day students - live and learn together on a picturesque 100-acre campus in the historic town of Port Hope, about an hour's drive from Toronto.

We've cultivated an intentional atmosphere of awareness, belonging, compassion and agency—so you can shine as an individual while lifting up your peers and feeling supported from Day One.

Take Your Time

Whether you're a boarding or day student, you'll benefit from the stronger connections and holistic experiences that life on a 24/7 campus entails—as well as having all the amenities, resources and supports you need close by, where and when you need them.

Discover Your Place

All day and boarding students are supervised and supported so they develop confidence, independence, and a true sense of belonging.

Welcome Home

We learn where we live, and live where we learn. The result? A school that feels like home; a community that feels like family.

100 Acres of Home

On a campus this large, there is room to explore, places to grow and space to call your own. Enjoy a taste of home, with a wide variety of international cuisine offered in the dining hall. Our chapel and prayer rooms offer space for reflection, and casual indoor and outdoor hangout spaces are where friendships—and memories—are made.

Our house system creates a welcoming second family for day and boarding students alike. From the start, you'll be assigned to a house, and continue with that same house throughout your years at TCS, forming relationships, loyalties and connections that last a lifetime. The six boarding houses and four day houses provide the foundation of family and connection at TCS.

(ACTIVITY) (ACTIVITY)

Most mornings, after the day school buses arrive, the whole school comes together in the chapel.

We sing, listen and laugh. Sometimes we even do skits! On Wednesday mornings, we have a house meeting. Then we have classes, lunch, and time for clubs, sports and arts activities.

I'm in _____, and this year, we're doing everything we can to win the Langmuir Cup!

I think the best part about TCS is that I've learned there are many ways to be a leader here.

As a _____ I've had the chance to guide and mentor younger students and positively interact with my peers. The service and travel opportunities are great, too!
(LEADERSHIP POSITION)

This year, I'm going to _____

Evenings at TCS are pretty amazing, too! After the buses leave, the boarding students change into comfy, casual clothes to eat dinner with friends, finish up art projects in the studio, take trips into Port Hope, order Jim's Pizza for a nighttime snack, or just hang out in our house lounge or Cirne Commons. In evening study, my teachers are available for me to ask questions. Then, it's time for bed before another full day.
